A Peek at the Week

Your children have been doing a fabulous job of working on reading & math while also doing the special projects and writings for the important days ahead. In reading we reinforced plot & main idea. Only a few more spelling tests! We introduced words w/ Un, such as unlock, or unbuckle. In Math we finished telling time and what time is including Morning, Afternoon, Evening, and Calendar Work. We have also been working on patterning, which your children know SO WELL thanks to Kindergarten!

Looking Ahead

Patterning Math test next week. In reading next week, we review the skills of predicting & theme as well as our words. We continue with Cool Cats with how to cope with bullying and handling anger at others. I have started to double up with 2 different chapters in Math to get closer to completion the HUMONGOUS book we have! Mrs. Klinsky and I hope to have end of year treat & movie with our reading buddies.

FYI Soon we will be done with the reading series. I will be having the children read a book a day that the 1st Grade has class sets of. Some are the classics & lots of fun! We might also have a theme week!

Special Thanks

For all the wonderful gifts & warm wishes for Teacher's Appreciation Week! I was truly touched! I appreciate everything and all the efforts behind the scenes! :-)

Information

When you receive your child's portfolio from Open House Night, the entries for May are the Mother's Day & Father's projects & stories and the Marvelous Me packet. Also, the Valentine Bear Card to parents can be placed in February.
